

## **Nomination Bios:**

### **Nishi Dickerson**

My name is Nishi Davis Dickerson a resident of Crowley and Centennial Place Community. I am a Adjunct Instructor at a community college, teaching continuing education programs for the community. I believe my nomination to this board will bring a fresh perspective to the community as a whole. I would like the opportunity to sit on the board and assist our current members with the continued beautification of our neighborhood. I believe in creating new activities in the neighborhood would be a great way for everyone to get to know one another. This creates awareness in our own HOA community.
